By Garbo's Hair

“ It`s all about you on your wedding day “

Here at Garbo's we endeavour to make you and your bridal party look and feel truly amazing. By choosing a Garbo's hair specialist you can relax in the knowledge that from your first consultation with us through to the wedding day itself be it in the salon being pampered accompanied by a glass of fizz or in the comfort of your chosen location all of your needs will be taken care of.

We appreciate that each wedding is different and so our wedding packages below are merely a guideline and we are more than happy to customise them to your personal needs.

Our wedding hair and make-up specialists are particularly talented, highly skilled and have been trained in techniques passed through from GHD and Patrick Cameron.

Phase 1.

Our service begins with a complimentary wedding hair consultation with one of our experienced wedding hair stylists, held at your preferred Garbo's Hair salon. This appointment is very important for us to get to know you and your wedding plans. We will discuss your wedding plans to date including your dress, the theme of the wedding, the colours you may have chosen and the location of the wedding. We advise that if you have any pictures or accessories that you think might be useful then to bring them along with you so that we can get a real feel for your wedding. We will also discuss how many people are in the wedding party and what we can offer them. On gaining this information we can put together a tailor made package just for you this may include extra services that we offer such as helping to dress you on the day and also if having your make-up applied is something you decide upon then we can retail the exact lip colour meaning you are able to top up during the day

The wedding preparation starts now!! It is a good idea to discuss what cutting and colouring appointments will be needed in the build up and possible treatments in order to have you're hair looking in optimum condition.

Phase 2

The next stage is our "in salon" wedding trial which we strongly advise. To make the most of this time we suggest that you bring with you any pictures, hair accessories and the veil to enable us to get a clear understanding of what the finished style will look like. This appointment is for us to try a few different ideas and to be used only as a guide for what the hair will look like on the day. We will take photos of the looks we create and keep them logged with your previous notes. Should you choose to have your makeup done on the day we can incorporate a make up trial on the same day to get an idea of complimenting colours.

Hair trial cost £ 50

Make-up cost £25

Phase 3

In addition to your first trial we will offer a second trial to refine your chosen style and ensure your absolute delight and set expectation in preparation on your big day.

Cost £25

Phase 4

Your special day is here!! You and your bridal party can come into the salon and sit in comfort with a glass of bubbly while our team transforms you ready for the day ahead. Alternatively relax in the comfort of your chosen location and let our team come and pamper you; we can style and help with any finishing touches ready for your day.
